PROFESSIONAL SUMMARY

Data Analyst and Power BI professional with 3+ years of experience turning SQL (T-SQL, CTEs, Window Functions, Stored Procedures), Power BI (DAX, Power Query), Python, and Advanced Excel into actionable business insights and production-ready BI solutions. Skilled in data analysis, dashboard development, KPI reporting, and data modeling across Retail, E-Commerce, and Consumer Goods domains — delivered retail sales analysis covering \$20M+ in revenue and customer risk analysis across 2,389 customers, while driving data validation, workflow automation, and SQL-based data warehousing initiatives. Leverages AI-assisted workflows using Claude and ChatGPT to accelerate analysis and documentation while maintaining data quality and accuracy.

TECHNICAL SKILLS

Languages & Querying: SQL (T-SQL, MySQL, CTEs, Window Functions, Stored Procedures), Python (Pandas, NumPy)

Databases & Cloud: Snowflake (Data Warehousing, Querying), SQL Server (SSMS), MySQL

Data Visualization & BI: Power BI (DAX, Power Query, Power BI Service, RLS, Power BI Gateway, Data Visualization, Dashboard Development), Microsoft Excel (Power Pivot, XLOOKUP, Pivot Tables)

Data Engineering & Analysis: ETL, Data Extraction, Data Cleaning, Data Transformation, Data Validation, Data Integration, Data Quality, Exploratory Data Analysis (EDA), Reporting Automation, MIS Reporting, KPI Tracking & Reporting, Trend Analysis, Churn Analysis, Business Intelligence, Business Reporting

Data Modeling: Dimensional Modeling (Star Schema, Fact & Dimension Tables)

Tools & Platforms: Jupyter Notebook, Git, GitHub, Workflow Automation, AI-Assisted Analytics (ChatGPT, Claude)

PROFESSIONAL EXPERIENCE

Data Analyst | i3 Infosoft Pvt. Ltd, Noida, U.P.

Jul 2023 – Present

- Engineered interactive Power BI dashboards using DAX, Power Query, and Star Schema data models, delivering real-time KPI reporting and business insights.
- Published and managed Power BI reports in Power BI Service, including scheduled refresh, Row-Level Security (RLS), and gateway connectivity, ensuring secure and reliable access for business users.
- Built 20+ reusable DAX measures using CALCULATE, FILTER, SUMX, RANKX, and time-intelligence functions, powering KPI, ranking, YoY, MoM, and YTD analysis.
- Transformed 100K+ records from SQL Server, Excel, and CSV files using Python (Pandas) and Power Query, ensuring accurate, analysis-ready data for reporting.
- Optimized complex T-SQL queries and developed SQL Stored Procedures using CTEs, window functions, joins, and subqueries, improving reporting efficiency and query performance.
- Partnered with 4 cross-functional teams across Sales, Marketing, Finance, and Operations to translate business questions into ad hoc data analysis, Power BI dashboards, and business reports.
- Automated recurring reporting workflows using Power Query and SQL, reducing manual effort and improving reporting turnaround time.

Data Specialist | Star Entertainment Production, New Delhi

Aug 2019 – Jun 2023

- Managed daily production and business data in Microsoft Excel for a 10+ member production team, tracking 100+ records weekly and maintaining data integrity across operations.
- Generated 10+ daily and monthly MIS and business reports across 3 internal departments, coordinating with team leads to guide planning and operational decisions.

KEY PROJECTS

Retail Sales & Customer Insights

- Designed an interactive Power BI dashboard using Star Schema, DAX, and Power Query to monitor retail sales and customer performance KPIs.
- Analyzed \$20M+ in retail sales data, uncovered a 46.9% YoY sales growth trend, and reduced manual reporting time by 3–4 hours per day through interactive dashboards.

Customer Churn & Revenue Risk Analysis

- Investigated customer revenue risk by integrating and cleaning multi-source data using SQL and Python (Pandas), enabling accurate customer risk assessment.
- Identified 2,389 at-risk customers through customer segmentation and payment-failure analysis, enabling the business to prioritize high-risk accounts for timely intervention.

EDUCATION

Bachelor of Science in Mathematics | Chhatrapati Shahu Ji Maharaj University, Kanpur, U.P. | 2012 – 2015
